To Whom It May Concern,

This is a letter of support for the proposed BEAM, Economics Analysis for siting a Chomp Energy integrated system at Machado Farms in Linden CA. I first met Thor Bailey in 2003, and the Chomp Energy team looks forward to developing a small Farm and Food Hub scenario.

Chomp Energy has systems installed in California at UC Davis and CSU Sacramento. It is our understanding that the Economic Analysis is focused on our small "Mini" unit, although the study may lead to a larger design depending on site logistics and integrated closed loop system.

Sincerely,

Signed by:
